Recommended Headlines & Taglines:

IT'S NOT JUST A NEW IMPACT WRENCH.
 IT'S *THE* NEW IMPACT WRENCH.

THE BAR DOESN'T RAISE ITSELF.

Recommended Catalog Description:

Introducing the Ingersoll Rand 2235 Series Impactool™, a tool that's light in your hand but strong enough to punish the toughest jobs. With 1350 ft-lbs. of Nut Busting Torque and a weight of only 4.6 lbs., the 2235 has the best power-to-weight ratio of any impact wrench on the market. The power, durability, & reliability of this 1/2" Air Impact Wrench is unsurpassed in the industrial and vehicle service market.

Recommended Compelling Product Advantages:

Power: Punish the toughest bolts with 1350 ft-lbs. of Nut Busting Torque powered by Ingersoll Rand's finely tuned twin-hammer impact mechanism. The 4-position power regulator and one-handed forward/reverse push button control give you the control to do the job right the first time. From the garage to the most demanding industrial sites, there is no job that will stand in its way.

Comfort: At only 4.6 lbs., the 2235 Series Titanium Impact Wrench can not be matched for power and weight in the market. With less weighing you down, you can work harder and faster for longer stretches of time.

Reliability: Every component, every mechanism and every function of the 2235 Series has been put through the most rigorous testing to ensure it always performs in the face of the toughest applications. Backed by a two-year warranty, the 2235 Series is a finely tuned workhorse. The technology and the components combine to create the impact wrench you can always count on to get REAL WORK done.

Durability: Born from the legendary durability of the Ingersoll Rand 2135 Series, the 2235 pushes toughness to the next level. It's built with a titanium hammercase, steel-wear plate and strong composite housing that protect the tool from the harshest environments.
